

Alder Dining Chair

Alder Dining Chair: Lightweight Durability Meets Classic Design

The Alder Dining Chair combines timeless style with modern functionality. Its fully-welded aluminum frame offers superior cleanability compared to traditional wooden frames, providing a lasting, low-maintenance solution for high-traffic spaces. Available in a range of finishes, including wood-grain and solid colors, the Alder Chair allows you to achieve your design vision while maintaining a lightweight and durable structure.

Options:

- Tufted seats and backs for added texture
- Welted seats and backs for a tailored look
- Nailhead detailing for a refined touch
- Padded arms for enhanced comfort
- Front casters for effortless mobility
