Behavioural Health Furniture

Flo Rocker

Rotomolded BH Furniture

Bringing gentle motion to the Flo Rotomolded furniture collection, the Flo Rocker is designed to promote comfort and flexibility in Behavioural Health environments. Its wide, contoured seat supports a naturally curled sitting position, while the rocking motion, which has been shown to help reduce anxiety and tension, can provide patients with an added sense of comfort and security. Upholstered seat and back pads are recommended for use only in supervised areas.
