Thin Profile Narcotics Cabinet

This tall double-door narcotics cabinet provides secure controlled substance storage with heavy-duty 20-gauge steel construction and two high-security, pick-resistant tubular locks, each supplied with four keys. It features two adjustable or removable shelves, a durable beige finish, and pre-drilled mounting holes with included hardware for secure installation. Measuring 16" H x 12" W x 4" D, it accommodates up to three rows of narcotics.
