

# Oasis BH Glider

# Gentle Motion, Unmatched Safety in Behavioral Health Environment

Experience therapeutic motion with the Oasis BH Glider, specially crafted to introduce a secure and comforting gliding experience in challenging environments. Tailored for Behavioral Health and therapeutic spaces, this glider redefines safety, offering a stable alternative to traditional rocking chairs. Let patients find comfort in the soothing embrace of motion without compromising their well-being.

## Features

- Stationary arms for safety and easy ingress/egress and minimize floor damage
- Heavy-duty construction for long-lasting use
- Metal underside shroud conceals all moving parts
- Clean-out spacing between seat and back for easy maintenance
- Tamper-resistant fasteners and no exposed staples for safety

## Options

- Mid-back or high-back design to suit specific preferences
- Glider with a choice of wood, polyurethane, or solid surface arm caps
- Custom finishes to seamlessly integrate with your space
- Moisture barrier for enhanced durability and cleanliness
