SOBT1010H

Overbed Table

The SOBT1010H features a patented, spring-assisted lift mechanism with infinite height adjustment across a 17-inch range, from 28 to 45 inches.

The table raises automatically without engaging the handle, helping reduce the risk of tipping if the bed rises while the table is positioned over it. It comes standard in a Gunstock Walnut finish.

Depth	15"
Width	30"
Height	28-45"
