Station One

SS 6-Leg Spider IV Pole

statmedical
we take care

The Station One Stainless Steel 6-Leg Spider IV Pole features a stable 22" diameter base weighing 22 lbs, with 3" scuff-resistant casters for smooth mobility. Its 1" stainless steel pole adjusts from 52" to 94" using a secure thumb knob, while rubber bumpers protect walls and equipment. Available in five base colours with 2-, 4-, or 6-hook configurations to accommodate various clinical needs.
