Valet

BH Seating Collection

Valet brings a calm, welcoming feel to Behavioural Health spaces with its curved, organic form and contemporary styling. Built for demanding environments, it features a steel inner frame with injection-moulded foam, tamper-resistant hardware, and a heavy disc base to deter movement. High-back and low-back models are each available in two seat heights, and all models meet BIFMA X5.4-2020.

VAL121-BH-DB
