Wall Shelf

Hand Hygiene

The WS120 Utility Shelf provides a convenient, multi-purpose surface for hospital hallways, patient rooms, and other healthcare settings. Its low-profile design folds away without extending beyond standard handrails, while hands-free opening and a patented damper system ensure reliable use. With smooth edges, a 120 lb weight capacity, and space for standard food trays and clipboards, it offers a practical solution for hospital staff.

Depth	15.5"
Width	22"
Depth Folded	3.5"
Weight Capacity	120 lbs
