OASIS HD

Behavioral Health Seating

The Oasis HD Guest Chair is a steel-framed chair built for the most challenging healthcare environments. Designed with clean-out spacing and assembled with tamper-resistant fasteners, the chair has no pinch points, exposed staples, or areas of concealment. The frame is 14-gauge steel. The chair weighs 65 lbs. and weight can be added to the steel seat pan. The polyurethane arms are field replaceable.

Features

- Limited lifetime warranty
- 11-Gauge internal seat frame
- Tamper resistant fasteners
- Steel seat pan covers upholstery staples and adds weight
- Clean out space between seat and back
- Non removeable nylon glides

Options

- Wood, polyurethane, or solid surface arm caps
- Custom frame finishes
- Glider chair
- Contrasting fabrics
- Moisture barrier
- Added weight
- Bolt-to-floor brackets
